- > CMYK jpeg saved at the highest compression level
- > Email to amdurartannual@gmail.com with subject line: "Meet - [your name]" and please indicate if you are an award winner

Parameters for all images

- > All images need to be in CMYK color mode, RGB will not print well on a printer's press
- > All image sizes are given in inches and are denoted as 300 dots per inch (DPI)
- > Please do not simply increase size or resolution of smaller files. Images should be scanned/shot/sized-down according to these specifications, otherwise print quality will be compromised.
- > Files cannot be changed once submitted. Be sure to follow all instructions for best reproduction in the art annual.
- > Please follow naming conventions: This includes zip files and email subject lines.

VERY IMPORTANT!

Reservation form must still be submitted to Amdur Productions.
