More than 250,000 art enthusiasts perused the 2017 [Port Clinton Art Festival](#) in Highland Park the last weekend in August. Developed by Amdur Productions, more than 260 artists, using various forms of media, displayed their work, and some master artists provided interactive onsite demonstrations. The family friendly festival supported the Green Ribbon Project, donating partial proceeds to Autism Speaks. amdurproductions.com/port-clintonart-festival
