

ARTFEST MICHIGAN AVENUE CHICAGO

LOAD-IN AND PARKING INFO

All Artists MUST load in from their pre-assigned load in zones either Michigan Avenue or City Front Plaza. Load-in times, load-in location, and booth numbers are available on our web site under "Artist Info".

- 1) All artists check-in on City Front Plaza. We will direct your assigned load-in area.
- 2) After you have unloaded everything to your festival space, proceed to park outside of the festival. Do not set up anything before moving your car outside of the loading areas.

Parking

There are a lot of close garages in the area. The closest is 240 E Illinois St, Chicago, IL 60611. For oversized vehicles, there is street parking close to the show but you have to refill every couple of hours. Otherwise, there is oversized parking at 430 N Rush St, Chicago, IL 60611. This is the closest one that we know of. If you go onto Wabash and head south, there are some on the east side of the street.
